Dear Mr. Weisberg,

I'm sure it gives you a lift to see some action on the part of your readers, so I'm sending a mimeographed copy of a letter I sent to Sen. Wm Proxmire along with his response. I'm proud of the work you and Mr. Lesar are doing. Your dedication amazes me. If anyone will help to turn this country around to the principles it was founded on, it will be men like you and Mr. Lesar. You guys aren't looking for the fast buck or the instant fame. You see that all is not right with America and you're working slowly and methodically to make people aware of it. I wish to say "thank you" for the American people.

Sincerely,

Karroll R. Bohnsack
